Husqvarna 970685205 Blastrac DC 655 Hepa Dust Collector 2718CFM 1060Lbs 480V 3Phase 37Amps

## Product Description

The Blastrac DC 655 dust collector is a compact and insulated unit, easy to transport. The powerful heavy duty dust collection system has a compact design making it easy to manoeuvre. It combines power, efficiency, and productivity in one durable machine and is ideally suited for use with large size shot blasting and steel blasting machines.

It is equipped with six M-class cartridge filters and an optional H14 HEPA filter kit can be added. Blastrac DC 655 is equipped with a dustbin kit. It can also be equipped with either with a Longopac® system or a big bag system. The filters are automatically cleaned thanks to the pulse filter cleaning system.

CFM filters removed: 5436.8

CFM clean filters installed: 1883
