## Description

HTC XP6 combines all the features and benefits of the Duratiq Technology with a powerful 22 hp (16,2 kW) propane engine. The electronic fuel injection system reduces the risk of freezing & while the exhaust catalyst makes for low emissions. These features combined with the four-discs planetary grinding head and the intuitive and smart digital control panel and Mist Cooler System&trade; give you all the control and precision to maximise your grinder performance.

Demo / refurbished / blemished means: might have blemish, scratch, rust, or dent, used at a trade show, tested in the showroom by a customer, last years model, return by shipping company, returned by customer, used by factory for R&D work, no factory box, used to make a factory video... Limited stock so if you purchase it and we cannot fill the order because another customer beat you to the bargain, your money will be returned. Please do not call to see if it is still available as if the web page is up and viewable, it is available this second. If you delayed and asked if it available so your letting some other customer place the order ahead of you. All sales are final.

Same factory warranty as brand new: 1 years parts!

Condition of this machine: "A" Only 1 at this price!

Our demo equipment usually has less than 100 hours on it.

Photos are not available as these ship from the factory rep direct to the customer and have already been cleaned and packaged.

Ships from the KCOT location.
