## Description

Mytee's Contractor PRO Package is the ultimate upgrade for cleaners who want to take on large cleaning accounts and need the power to match!

The extractor featured in this package is our BZ-105LX-AUTO Breeze® Extractor. With a 500 PSI pressure pump, auto-fill, auto pump-out, chemical injection, and dual LX® vacuums — this machine packs enormous power in a convenient, compact footprint! We pair it with two of Mytee's best tools for high-volume cleaning to maximize your efficiency.

Our Bentley® Pro Speed Wand is the no-fuss, connect-and-go walk-behind wand built to reduce fatigue and dramatically increase your sq ft/hr thanks to an ergonomic rolling design that helps to speed through big jobs, while its two-way cleaning head doubles the production of every stroke!

For upholstery, Our Mytee Dry® GT is THE tool for big jobs. Designed to be durable, ergonomic, and high-performing, the Mytee Dry GT leaves upholstery cleaner, quicker — and won't leave your hand cramped either thanks to the triggerless continuous flow design.

We package this star studded cast with an 25 feet of " hose to help you make good use of the LX vacuums' extended range over traditional 3-stage set-ups, and a gallon of our System Maintainer solution to keep your unit running at its peak for years to come.

Upgrade to the Contractor PRO Package and unleash your full potential!
