Tradeshow Husqvarna 967977604A PG690 RC 240V 3Ph 30A 22Hp 27.2Inch Wide Floor Grinder PG690RC Remote Control ENO50

Manufacturer: Husqvarna Equipment

Used Tradeshow Husqvarna 967977604A PG 690 RC 480 Volt 3 Phase 30 Amp 22 Hp 27.2 Inches Wide Floor Grinder PG690RC Remote Control ENO50% OFF Sale!

The PG 690 RC is a remote controlled, powerful floor grinder but still compact enough to pass through a standard door (total width: 26 in / 67 cm). The remote control sets the operator free to manage hoses and cables while still grinding, for up to 40% higher productivity. The motorised drive also simplifies transportation. This is the go-to-choice for most grinding jobs, both industrial and commercial. The planetary drive system and the improved, Husqvarna-unique Dual Drive Technology deliver excellent grinding performance. Adjustable weights for extra grinding pressure and LED lights are optional. Suitable for all applications: floor prep, grinding and polishing. A high performing machine for the HiPERFLOOR® concrete polishing system. To maximise reliability and reduce maintenance, the vital components of the PG 690 are protected against dust and slurry inside the hermetically sealed grinding head and electrical cabinet..

## Applications

Husqvarna's unique Dual Drive Technology has now even higher disc speed capabilities. It enables you to individually control the speed and direction of the disc rotation and the speed and direction of the grinding head.

Three grinding discs offering total grinding width of 25" and powerful 22 HP motor Performs all types of applications such as concrete grinding, coatings removal, concrete repair and polishing.

Adjustable grinding pressure. Optional weights allow to adjust grinding pressure in three pre-set positions. Also makes tilting machine back much easier.

## Benefits

Sealed grinding head with 1,000 hours service interval. No dust or water can intrude to damage components.

Enhanced Dual Drive Technology has now even higher disc speed capabilities. It enables you to individually control the speed and direction of the disc rotation and the speed and direction of the grinding head.

Re-designed Dual Drive Technology transmission, fully sealed against dust. Self lubricating chain.

Versatile and powerful floor grinder but still compact enough to pass through a standard door.
