

Model Number: 20131504

Clean Storm 20131504, Solution Carpet and Tile Cleaning Hose, 160 ft Long x 1/4inID 3000psi Non Marking Jacket

Manufacturer: Clean Storm

Clean Storm 20131504 Solution Carpet and Tile Cleaning Hose 160 ft Long x 1/4in ID 3000psi Non Marking Jacket Carpet Cleaners

Usually filled in Blue or Gray color but color is not guaranteed. Hose does NOT include 1/4" male or 1/4" female quick disconnects. See optional parts below.

#### Description

These solution hoses are built for the most demanding pressure and heat requirements of today's high heat and high pressure truck mounts. These 1/4" solution hoses are rated at 3,000 PSI and 250°F. The steel braid construction gives the hoses both strength and flexibility. Plus, the composite rubber exteriors are non-marking, too. Solution hoses meet manufacturer's specifications for all high temperature truckmounts. Each 160' section includes male pipe fittings and protector sleeves on both ends.

Please note: one side of the hose is 3/8" MipX (swivel) and the other is 1/4" Mip. The swivel is designed to help with installation on a live reel so you do not have to twist the hose over itself during the installation.

Why 160 ft? This is because a Live Reel holds 160 ft of 1/4" ID solution hose. This matches what is usually installed on a live hose vacuum reel.

The live vacuum reel would have three fifty foot section of 2" ID hose along with a 10 ft leader of 1-1/2" ID vacuum hose. Then both hose sets match.

#### Features

- Rated at 3,000 psi and 250 degree F, this nonmarking hose will withstand everyday abuse
- Single wire steel braid makes it tough and also very flexible
- Meets manufacturer's specifications for all truckmount high-temperature machines
- The 160' section includes protector sleeves on both ends and male
- Mates perfectly with 150 feet of 2" vacuum hose + 10 feet 1.5" leader vacuum hose system.
- Used in carpet cleaning and sewer jetting.
- Non marking jacket
- Weighs 17.5 lbs dry
