Your cost \$350 per Swiper

Your cost \$350 per Coordinator

Don't throw money away just to accept credit cards

- o Other credit card systems charge you \$9.95 per month per swiper plus your processing fees. That can add up quickly!! See the example below:

- \* The average number of vacuums per site is 4

- \* \$9.95 per month x per vacuum (4) = \$39.80

- \* \$39.80 per month x 12 months = \$477.60

- \* \$477.60 per year x 5 years = \$2,388.00 in base charge fees!

Competitor Credit Card System equipment \$550 \* 4 = \$2200 to start

JE Adams      \$350 \* 1 = \$350

Coordinator   \$350 \* 4 = \$1400

Swipers   Total      \$1750

You just need an internet connection to the office where you would run an internet connection to the coordinator (\$350). Then you would mount the credit card swipe (\$350 each) on the vacuum and it picks up the signal from the coordinator. No need to run internet to each vacuum.

Secure Radio Mesh Wireless System (non-WiFi)

- o No PC or special software is required, no running cables to each credit card swiper. All you need is an Internet connection

- o Only one CryptoPay Coordinator needed per site supporting up to 50 CryptoPay credit card swipers

- o Credit Card Data is fully encrypted from the point of credit card swipe contact to
