

Model Number: 8.625-842.0

Windsor 8.625-842.0, Three Stage Vacuum Motor, 5.7in Tangential Discharge, Compatible With Ninja Prochem others 53130

Manufacturer: Century 400

Overview

- The tangential discharge by-pass blower/vacuum motors are the standard motors to power your wet/dry utility, commercial and built-in (central) vacuum cleaning systems, which require separation of working air from ventilating air. A wide variety of UL and CSA models are available in one, two and three stages in a 5.7" diameter.

- Steel and Plastic tangential horns are available options.
(8.625-842.0) VAC MOTOR, 120V 5.7 3ST W/O TB
