PSS21 Standby Generator

PSS21

The Winco PSS21 is an 1800 RPM standby generator. With a new housing design, this generator is our cleanest design to date. We have substantially reduced the number of exposed bolts, added large removable panels for ease of maintenance and quick release oil and coolant fluid check plates are among the improved features of this design. Contact a sales representative for additional information.

This generator comes standard with selectable fuel and is available in 120/240 1-PH, 120/208 3-PH, 120/240 3-PH, and 277/480 3-PH..
