Hydroforce AH203 Flash Cuff 2.0in Male Starter Female 2in Female Slip X 2in Male
Coupler 1665-0083

TIRED OF HOSES COMING APART?

TIRED OF INFERIOR LOCKING AND SWIVEL CUFFS?

Hydroforce AH203 Flash Cuff 2.0in Male Starter Female 2" Female Slip X 2" Male
Coupler

Slip over 2" pipe on one side and hose clamp down. The other side lets you start
using flash cuffs.

The NEW Flash Cuff® takes durability and innovation to the next level!
Rugged construction and a unique design ensure that twisted hoses and cuff
replacements are a thing of the past. Additionally, the Flash Cuff®; both swivels
and locks - no need to choose one feature over another.

IMPROVE PRODUCTIVITY

- Tighter connections between cuffs decreases the amount of air lost - leading to faster drying times.
- Inside diameter of the cuff is the same as that of the hose, keeping turbulence to a minimum and increasing air flow.
- Cuff allows your hoses to swivel - don't spend your time untwisting tangled hoses.
- Easy push-button lock keeps your hoses together whether you're going upstairs or around corners.

INNOVATIVE DESIGN

- Virtually indestructible; we've driven a truck over this, enough said!
- Tapered ends and shorter length allow the Flash Cuff to fit on the hose reel and keep its shape better than competitive products.
