

Model Number: TB2400E

Winco TB2400E Two Bearing Generator Single Phase 2400 Watts 120 Volts 3/4 HP 3600 RPM  
61685-017

Manufacturer: Winco Generators

Winco TB2400E Two Bearing Generator Single Phase 2400 Watts 120 Volts 3/4 HP  
3600 RPM Freight Included 61685-017

#### Description

This industrial designed, rugged, two bearing generator comes with double baked armatures, oversize diode and double sealed permanent bearings to insure maximum performance and life. This 2400 watt unit is capable of starting a 3/4hp motor. Offering 120V power this generator will be just what you wish for to fulfill your electrical needs.

If replacing Masterblend generator this will not fit out of the box and will require the customer doing custom work to fit the machine.

#### Specifications

Brand  
Winco
