Link Manufacturing Ramps LT30-30-119 LT30 Flat Mount Tri-fold Design Ramp 30x119 7852-4A02

Manufacturer: Link Manufacturing Ramps

30x119 Flat Mount Tri-fold Design Ramp---LT30-30-119 7852-4A02

All of our Ramp Systems provide protection for your employees and equipment by eliminating the danger of lifting in and out of vehicles. Our systems are proven to increase your job efficiency and reduce the cost of expensive equipment damage. Create for yourself a professional appearance with a Steam Brite Ramp System.

The LT30 Tri-fold Ramp is a flat mounting system that mounts on van and trailer flat surface floors. It folds up to store vertically inside the vehicle. Designed with shallow load angles makes this the ideal system for loading larger equipment.

Capacity (lbs.) 1000

## FEATURES & BENEFITS

- Flat surface mount
- Ramp stores vertically inside the vehicle
- Adjustable leg gives the option for shallow load angles
- Can be removed in under a minute
-

## RAMP SELECTION CHART

Use this chart to choose the appropriate ramp length for your vehicle.

## RAMP CAPACITY RATINGS

There are many methods that are used to give a ramp its loading capacity rating. Do not be fooled by the numbers. Our ramps are rated using a footprint 6" wide by 16"

Equipment: Carpet Cleaning Machines > Vacuum Cleaners > HEPA Concrete Dust Slurry Hazmat Vacuums >

long.  
Pressure is applied to the center of the ramp with this footprint. We then apply a three times safety factor to arrive at the weight our ramps are capable of loading safely. This gives you a true capacity rating that has the safety of you and your employees at heart.  
Ask your ramp supplier how they arrive at their capacity rating.

Question: On the LT30-30-119 what is the floor dimensions on the foot print of this item? I can not find anything on your website and want to see how much space it takes before ordering.

What is the lifting weight of the ramp once installed too?

What is the total height of the tri-fold ramp when mounted in a Van?

Like to have more information on this product.

Thanks David

<http://www.steam-brite.com/link-manufacturing-ramps-lt30-flat-mount-trifold-design-ramp30x119-p-11109.html>

Answer: I do know that the width is the inside clearance on the tread so it is actually 32" wide X about a foot wide

This ramp weight is about 125 lbs.

Please note because the ramp is bolted to the floor at one point, that hinge is supporting half of the 1/3 of the total ramp.

In other words, it makes the ramp feel like 100 lbs instead of 125 lbs.
