Shazaam SBMRY, Pressure Washing Reverse Tee Connection, truck mounted dual wand carpet cleaning machines

Manufacturer: Shazaam

Use your truckmount dual wand machine to run larger pressure washing tools (like this 21" surface cleaners with vacuum recovery)
Pressure washing tools require high flow through 3/8" ID pressure washing hose and connections.

This is an alternative to this. The flow from two 1/4" ID carpet cleaning hoses is the same as a single 3/8"

This set up includes the following parts: 3/8" street Tee MXFXF
two 3/8" Mip X 1/4" hex nipple
one 1/4" Street 90
two 1/4" QD common to carpet cleaners.
