

Model Number: 4095

CTI DryMax 2000 LGR Industrial Restoration Dehumidifier 4095

Manufacturer: ProsChoice

CTI ProsChoice DryMax 2000 LGR Dehumidifier

Description:

The Dry Max LGR 2000 brings you unbeatable price performance with excellence in design and durability. Performance of the Dry Max LGR 2000 is enhanced by an advanced air processing pathway where incoming air is cleaned by a charcoal filter before entering a sealed cooling chamber where it is pre-cooled and stripped of moisture by the stage 1 evaporator. The now pre-cooled and lower grain air moves through a highly efficient stage 2 evaporator where maximum moisture stripping occurs. Moving on through high temperature condenser coils, the low grain air picks up heat and drops to the lowest possible relative humidity level before being pushed out the ductable exhaust port. The air is then ready to absorb maximum moisture and return to the Dry Max LGR 2000 for another drying cycle.

Add to this the many features of Dry Max LGR 2000, including an Ergonomic Design, Stair Climber Wheels, Auto Pump Out, Indestructible Roto-Molded Case, Digital Readout of Humidity and Run Time, along with Impact Resistant Construction and you have a reliable money making machine

Warranty information

Dehumidifying Capacity
(90°F RH90%)::

80L/day
(200 pints/day)

Dehumidifying Capacity
(80°F RH60%):

48L/day
(100 pints/day)

Rating Power Input / Current
(86°F RH80%):

1360W/12A

Rating Power Input / Current
(80°F RH60%):

1090W/10A

Power Supply:

110V-120V/60Hz

Refrigerant:

R410A/760g

Working Temperature:

41°F~95°F

Equipment: Carpet Cleaning Machines > Vacuum Cleaners > HEPA Concrete Dust Slurry Hazmat Vacuums >

Controls

Electronic Touchpad

Process Air

306CFM

Unit Size(inch):

21.3x21.3x31.9

Packing Size(inch):

22.8x22.8x33.5

Net/Gross Weight:

104lb/115lb

Compressor

Model

Equipment: Carpet Cleaning Machines > Vacuum Cleaners > HEPA Concrete Dust Slurry Hazmat Vacuums >

Toshiba EA103M1C

Type

ROTARY

Capacity(BTU)

10000BTU

Input power(W)

980

Current(A)

9.4

Capacitor(uF)

50

Oil Type

Equipment: Carpet Cleaning Machines > Vacuum Cleaners > HEPA Concrete Dust Slurry Hazmat Vacuums >

FREOL αÁ68ES-T(POE)

Oil Charge

300cc

Fan motor

Model

YPY-80-4

Input

80W/0.9A

Capacitor (uF)

8

Speed(r/min)

1350

Equipment: Carpet Cleaning Machines > Vacuum Cleaners > HEPA Concrete Dust Slurry Hazmat Vacuums >
