

Model Number: Asthma allergy treatment

San Antonio Allergy Relief and Control Treatment Carpet Cleaning

Manufacturer: Steambrite MFG

Professional Carpet Cleaning San Antonio Texas With Allergy Relief Treatment has been proven effective in denaturing the protein allergens from dust mite droppings (Der p1 and Der f1), cockroach droppings (Bla g1), dog dander (Can f1), and cat saliva (Fel d1). Allergy Relief Treatment is a water-based solution that contains a powerful active ingredient derived from naturally occurring extracts found in certain fruit and vegetable seeds. It works by denaturing the structure of the allergen, and thus, substantially reducing the IgE antibody-binding capacity of the allergen. As a result, they are no longer "recognized" by the body's immune system, alleviating the body's allergic response (allergy attack). Provides a residual effect for up to six months, when properly applied. Allergies are the #1 cause of Asthma! Whether you are an adult or need pediatric care, this service is proven to improve the indoor air quality to your home.

Hypoallergenic, non-toxic, and readily biodegradable. Does not contain pesticides, perfumes, harmful solvents, or other hazardous ingredients.

Color brochures are available

Ready to use pH is 2.0

Use:

Use caution on rayon and rayon blends, as strong acids can cause discoloration. Ready to use. Thoroughly clean area to be treated. After testing for colorfastness, or color change, apply a wetting mist of Allergy Relief Treatment by sprayer directly to water-safe carpeting, upholstery, draperies, and mattresses. One gallon will treat 2,000 square feet (200 meters) of carpet.

Service Call \$35 (Listed above as Estimated Shipping Cost. Add \$0.55 per mile for outer Counties)

Price for cleaning and supplies (parts and labor) \$0.50 sq ft

(Square footage is calculated length X (times) width = sq ft; example a room that is 10 ft X 12 ft = 120 sq ft X \$0.50 = \$60.00)

\$130 min charge
