-San Antonio TX Portable Cooling Misting Fan Rentals 15000 cfm 32 gallon Mister Cooler Chiller

Manufacturer: SanAntonio Tool Equipment Rental

San Antonio TX Portable Cooling Misting Fan Rentals 15,000 cfm 32 gallon Mister Cooler Chiller

Description

Evaporative Cooling Misting Fan 115V

This model is useful for large areas including factories, warehouses, assembly lines, laundries, large kitchens, welding shops, auto service garages, outdoor loading docks, outdoor restaurants, swimming pools, tennis courts, golf driving ranges and hundreds of other otherwise "impossible" places that need cooling, but was never thought of because of the expense to cool such areas.

Now, thanks to Air Chiller, you can!

Like all of our products, it utilizes our "dry-mist" technology keeping you cool without getting you wet.

Unlike other coolers there is very little maintenance and it's small footprint keeps it from getting in the way of doing your work.

This model features a powerful 1 HP motor to accommodate approximately 4,000 sq.ft. indoors at 15,000 CFM. This is almost 50% more cooling than a 36 inch evaporative cooling fan. See both units side by side in thumbnail image. You can feel the cold air, even outdoors, for at least 70 feet or more!

Rent the Air Chiller Ind-30 Misting Fan Evaporative Cooler 15000 cfm 32 gallon Features

- Easy team lift with three people to load or unload.
  - 1000 psi produces a smaller micropel.
  - No water on the floor!
  - Heavy duty fan pushes the cool air farther than traditional fans.
  - Does not require chemical treatments to prevent mold build up on cardboard.
  - No cardboard media to hold bacteria.
  - Does not require cardboard dry down by first turn off the pump and letting the fan run for 30 minutes.
  - The Air Chiller Misting Fan cools the air approximately 18°F - 22°F.
- The average operational cost is only \$1.00 per day! (based on .76 kw per hour and a national average of electricity and water costs during an average 8-hour day).

Rental and Optional Delivery Fees

Service  
Fee/ Charges

Notes

Rental per unit per day  
\$85

- Ratchet straps required for self pickup and drop off.
- Please do not show up with just rope and think this is OK to secure your load to your service vehicle or trailer.
- No helpers required at our location. We will load and unload these misting fans to and from your vehicle with a forklift.
- Customer responsible for securing their own load.
- Customer required to pick and return equipment during normal business hours M-F 8am-5pm Central.
- All sales final. You can change the date for rain out cancellations but no refunds.

Rental for extended weekend, Friday, Saturday, Sunday, Return Monday  
\$160

Rental Week / 7 Days  
\$225

- Please not if you need to rent for holiday weekend (4 days).
- Example Friday - Tues, or Thurs - Monday, this is the same fee as a weekly rental.

Rental 4 Weeks / 28 days  
\$494

Optional Delivery / Pickup Service Call  
\$37.50

- Curb service, Per Trip, Per Person. Normally you would have 2 service calls fees.
  - One on drop off day and one for pick up day if we use one driver.
  - We normally only send one person to deliver and pick up these units but 2 customer provided additional men are required for this service.
  - If you cannot have two additional helpers on site, please let us know so we can bring additional help. (This will change the service call fee as it is per person)
  - Does not include any waiting, set up, take down, rolling to set up location.
  - Example if you have only one person to assist in dropping off and loading on pick up date, you have change the service from 2 service calls to 4 service calls.
  - We can deliver and pick up to 3 misting fans per trip. Customer can optionally only purchase a pickup or drop off and self deliver/return the rental(s).
  - Professional Pickup and delivery is only available M-F. 10 AM to 4 PM and excludes holidays.
- Holidays are defined as the same holiday schedule as UPS shipping.

#### Optional Miles Driven Round Trip \$1.31 per mile

- For both drop off and pick up service, you will have four trips (shop to job site & job site to shop.)
- This fee is in addition to the above service call fee per person, per trip.
- This is optional as some customer simply pick up at our location.

#### Optional Set / Take Down \$60 per unit.

- Need help rolling to use location, locate electrical outlets, fill with water, prime pump, testing, training, drain, take down roll back to curb location.
- Only 2 fans per electrical breaker max allowed.
- Please let us know if we will need to bring extra 12-3 power cord or garden hose for on location services.
- (50ft cord built into rental unit)

#### Labor Charge \$20 per 15 Minutes.

- This fee is only for the unprepared customer for making the driver wait for help, take down, rolling back to curb.
- In other words, customer that they do not want to pay for the take down service and then force us to perform this service anyway once we show up at the rental site.

#### Rental Requirements:
