Note: User assumes all responsibility in use. It is the users responsibility to check the inbound voltage, outbound voltage, and total amp draw to verify these are not going to be overloaded. The user agrees to test the amp draw of any appliance or machine that they plug into these converters to ensure they are not being overloaded. Meters are cheap and mistakes are expensive. You can purchase a meter at <http://www.steam-brite.com/voltage-meter-multitester-p-6259.html>

User agrees to hold Steam Brite, its employees, and agents harmless in the event of an abuse in the use of said converter. The user agrees not to hold SteamBrite and all employees liable against any problems that arise out of the use of said converters. Remember, just because it plugs in does not mean it is OK to use!
