Manufacturer: Production Metal Forming

Mach-15-GHP-H58-MQD40

PMF's new 15" wide Titanium wand was engineered for maximum recovery and ease of use. Made with the highest quality components.

If it's got to be light and strong, it's got to be titanium!

Weighing in at less than 9 lbs, this 2" heavy-duty truckmount wand with a 15" head will easily, and quickly, power through the toughest jobs. The 5 stainless steel jets provide a wider coverage than most wands and the Teflon glide reduces friction, and more importantly, back fatigue on those days that never seem to end.

A unique feature of the wand is the ability to adjust the depth of the jets. The jets can be moved closer to the carpet to reduce heat loss, or moved back for a wider coverage.

This version of the PMF Titanium Wand comes with the Pistol-Grip Trigger.
