

Model Number: AH212

Hydroforce AH212 Flash Cuff (2.5in ID or 2-3/4in OD) X 2.0in Male Vacuum Hose Thread
1669-2713

Manufacturer: HydroForce

TIRED OF HOSES COMING APART?
TIRED OF INFERIOR LOCKING AND SWIVEL CUFFS?
TIRED OF REPLACING CUFFS?

The NEW Flash Cuff®; takes durability and innovation to the next level!
Rugged construction and a unique design ensure that twisted hoses and cuff replacements are a thing of the past. Additionally, the Flash Cuff®; both swivels and locks - no need to choose one feature over another.
IMPROVE PRODUCTIVITY

- Tighter connections between cuffs decreases the amount of air lost - leading to faster drying times.
- Inside diameter of the cuff is the same as that of the hose, keeping turbulence to a minimum and increasing air flow.
- Cuff allows your hoses to swivel - don't spend your time untwisting tangled hoses.
- Easy push-button lock keeps your hoses together whether you're going upstairs or around corners.

INNOVATIVE DESIGN

- Virtually indestructible; we've driven a truck over this, enough said!
- Tapered ends and shorter length allow the Flash Cuff to fit on the hose reel and keep its shape better than competitive products.

NOTE: This cuff attaches to a 2.5" vinyl hose and then provides the same thread count as the outside of 2" vacuum hose. This does attach to 2.5" hose smooth wall connector (like on a waste tank) and then it reduces it down to the same OD as 2" Vacuum hose.
