Hydrotek AR425 Wall or 1-1/4in Tube Mount Pivoting Reel 5000psi Pressure Washing 150ft Capacity

Manufacturer: Hydrotek

Suggested list: 359.00

Hydrotek AR425 Stainless Steel Pivoting Reel 150 ft

Perhaps the best reel on the market. Stainless steel drum and sides means no corrosion. The base is tough and you can mount on the wall or on a 1-1/4" tube. 150' capacity of 3/8 pressure washer hose with industrial rated Super Swivel that includes a grease fitting. Hose and gun not included.

The stainless reel has a capacity of 150' c 3/8", 5000 psi, 400°F and is designed to mount on tubing with the enclosed clamp, or can be mounted on a wall. The reel has a friction brake for adjusting the drag depending on your job. It will pivot a full 360 degrees or you can slide the pin to lock the rotation where needed.

Base Dimensions: L:18in W:18in

Diameter of Reel: 15.75in

Height: 17.75in
