Manufacturer: HydroForce

Hydro-force 20130709: Brush Pro 20 Encapsulation Rotating Brush Machine CRB Complete Package - MH200 - 1672-2124

Description

Industrial counter rotating brush machine

You've got a job to do and don't have the time or energy to baby a fragile machine. You don't budget money for frequent repair shop visits, and you're certainly not billing your customer when your cheap plastic machine breaks on the job site. Bottom line: you need a quality machine. The Hydro-Force Brush Pro was built for the professional customer--for those that need a machine that will run for 12 hours a day without asking for time off on Friday. Designed to withstand the rigors of extreme commercial cleaning, the Brush Pro will outlast, out-clean and out-perform any encapsulation machine on the market.

Includes

Hydro-force 20130709: MH200 Brush Pro 20 Encapsulation Rotating Brush Machine CRB Complete Package Contains all the brushes for all surface types. Carpet cleaning, tile, grout and stone cleaning, commercial carpet cleaning, oriental rug restoration, 4 sets of brushes! Oriental Rug Cleaning

HydroForce Extra-Aggressive Brush for the Brush Pro 20 LM Pro 45
MH54E Cement and Tile Cleaning

Hydroforce MH54D Tile and Grout Cleaning Brush Pair for Pro45

Features

Industrial Strength Construction

- Durable stainless steel body outlasts all other materials
- New motor is 50% stronger than previous models
- Reputation - 20+ years of building the industry's most durable machines for encapsulation
- Non-stop cleaning - Clean for over 24 hours without fear of the machine overheating

Versatility

Use the machine that does it all. Clean both carpet and hard surfaces equally well with one machine

CARPET

- Compound dry cleaning
- Encapsulation dry cleaning
- Pile lifting
- Dry soil removal

HARD SURFACES

- Floor washing
- Scrubbing/drying
- Tile and grout cleaning

RUGS

- Splash-water proof construction is IP 54 certified allowing you to use the Brush Pro in 1 to 1.5 inches of water for scrubbing submersed rugs

Super quiet operation and nearly instantaneous drying allows you to clean during business hours--opening up a world of new clients including casinos, airports, hotels, hospitals and more where hot water extraction is just not feasible.

Superior Cleaning

- Brush Pro, prespray and dry compound are Carpet and Rug Cleaning Institute (CRI) certified for deep cleaning.
- Heavy-duty motor spins brushes at an incredible 380 RPM to quickly and thoroughly clean all sides of the carpet fiber.
- Included Renovators allow you to collect soil that normal vacuuming is unable to remove. This makes for a great demo. Have your customers vacuum right before you use the Brush Pro for dry soil removal and they'll be amazed at how much additional soil you remove.
- Cylindrical brush agitation carries the soil from the bottom of the pile to the top so it can be encapsulated and removed later through vacuuming. Pads drive the soil deeper into the pile and leave "blooms" that have to be removed later.
- Pads are not effective at cleaning uneven surfaces like grout lines, while the Brush Pro excels at removing soil on difficult-to-clean surfaces.

Simplicity

- The Brush Pro is a machine that can be used by anyone. Simply pull back the handle to start and begin cleaning carpets at a much faster rate than standard hot water extraction.
- Lightweight construction and small footprint allows the technician to easily store the Brush Pro in a janitor's closet, in a van or other locations where space is at a premium. It also makes cleaning around furniture and other obstacles incredibly easy.

Specification

Weight:

46 lbs

Motor:	700W/110V/60 Hz
