

Model Number: MI26

Injectidry MI26 HP PLUS Wall and Ceiling Drying Package Freight Included

Manufacturer: Injectidry System

Injectidry MI26 HP PLUS Wall & Ceiling Drying Package 100724 / 55720

This HP-PLUS Package is designed specifically for drying walls & ceilings using our patented Active Hoseline dries up to 122 linear feet. Several decibels quieter than even the quiet HP60, no breaker tripping on startup, consistent pressure with no need for pressure relief valves. Dries water damaged walls and ceilings by injecting air between stud cavities using 1/16 inch (wall) 1/4 inch (cabinet) holes (or removing moist air with negative pressure). Comes complete with patented Active Hoseline, Tubing, Injectors, Manifolds, Hosecuffs & Carry Bags.
