Manufacturer: Drieaz

Drieaz F518 Hepa Filter for Velo Air Movers

Velo and Velo Pro Kit

With the HEPA Kit, customers can now use the Velo and Velo Pro for general air scrubbing in restorative drying, fire and smoke remediation, mold remediation, remodels and new construction – any situation requiring professional indoor air quality control.

Even with the Velo, it's half the weight of standard HEPA units!

Installs in minutes – no tools needed.

Ideal for pet dander control.

Carry one less piece of equipment to the job.

Works with both Velo or Velo Pro models.

Minimal impact on Velo airflow.

Get high quality air filtration at 15% of the cost of a standard HEPA air scrubber.

Easy Maintenance

• Change prefilter cover whenever dust accumulation is visible. Refills sold separately. Part F520 (20 pack).

• Change HEPA filter when airflow is noticeably reduced. Refills sold separately. Part F519 (1 pack).
