

Model Number: 20140131

Hydrotek 20140131, Anti Scale Water Treatment Dual Filter Housings, 1inch Fip Mounting Brackets, 10 Micron Wrench

Manufacturer: Hydrotek

Hydrotek Dual Filter Housings 1" Fip with Mounting Brackets and 10 Micron and Anti Scale Water Treatment (10" tall filters)

Use with cold normal building water pressure

Filter elements are 10" long. .

Use as a prefilter for truckmounted carpet cleaning machines and pressure washers.

First filter filters water to 10 microns and removes odors with activated carbon filtration

Second filter treats water so it is less likely to stick to the walls of your heat exchanger in your truckmount or pressure washer.

Package only comes with what is seen here. You will have to supply all the connection hoses and brass fittings. This is just the two housings and two water treatment filters.

Color and or shade of plastic, filter housing, and bracket is not guaranteed.

Not for drinking!

Unit softens water at 2-5 gallon per minute so you will need to use this before your fresh water tank or pre-soften your water and store it for use.

Treats up to 25,000 gallon per cycle.
