

Model Number: HAH3-50blue

Carpet Cleaning Hide-A-Hose 1.5 in ID With High Pressure 180 degree rated hose 50 ft
HAH3-50Blue PF50IS

Manufacturer: Clean Storm

Simply the most innovative invention since the Steam Extraction Carpet Cleaner.

Note: The vacuum hose is 45 feet long and the solution hose is 50 ft long.

The Hide-A-Hose's simple principle of placing the solution line through the vacuum line with specially modified hose cuffs makes it the most time savings convenient hose system in the industry. No more taping the solution line to the vacuum hose which insures that you keep flexibility and the sticky tape does not drag dirt from job to job.

The Hide-A-Hose is taking over the carpet cleaning industry. The benefits using the Hide-A-Hose are numerous. No more joining the solution hose to the vacuum hose with tape or cable ties... or those vinyl ties that tend to catch on things going by. The ease of rolling one hose out at the job.

The Hide-A-Hose can be made in one continuous length or made so that it can break down into shorter lengths. Only the highest quality lined vacuum hose is used and solution hoses from 100psi to 3,000psi and temperatures from 70 degrees to 250 degrees available.

Options and Definitions:

Low Temperature means Hot tap water 120 degree or less (non heated machine use)

Low Pressure means 100 - 200 psi machines.

High pressure means 3000 psi hose 180 degrees F

High Pressure High temp mean 3000 psi 250 degree rated solution hose

Inside diameter of vacuum hoses are 1.25", 1.5", 2" ID

Lengths available in 5 ft, 10 ft, 15 ft, 20 ft, 25 ft, 30 ft, 40 ft, 50 ft
