CFR 10431A-FR Pro 500 psi Complete System Starter Package 13 Gal Freight Included 98822

Manufacturer: CFR

CFR Pro 500 10431A-FR Complete System  
Environmental Cleaning Workstation  
Maximum Cleaning Power for Professional Applications

Pro 500 is especially designed for superior carpet and hard surface restoration, as well as general maintenance. The system also tackles upholstery, modular office panels, fabric-covered walls, and hard surfaces such as grouted tile, marble, and vinyl wall coverings. The Pro is the highest performance system available for the residential, commercial and industrial cleaning.

The unique plunger pump and motor system will allow the Pro 500 to produce 1.35 GPM at up to 500 p.s.i. of deep cleaning power as far away as 70 feet from the unit. CFR's solution control technology enables the user to clean all types of fabrics without the worry of over wetting. The Pro 500's vacuum system offers 150" of water lift. This superior solution control cuts dry time to as little as 1-2 hours.

- Easy access to internal components.
- Runtime hour meter and separate vac and pump switches.
- Large 12" stair climbing wheels.
- On board chemical storage.
- Tools storage for easy portability.
- Wheeled handle for maximum ease of loading and unloading.
- Externally adjustable pressure gauge.

One gallon of cleaner last 7 times longer than with traditional carpet cleaning machines!

Includes:

- Carpet Cleaning Wand
- Hand Combo tool
- 33 Feet worth of hoses
- Training
- Stain removal spotters
- Cleaners
- Free Shipping

•

Easy access to internal components.

Wheeled handle for maximum ease of loading and unloading.

Tools storage for easy portability.

Externally adjustable pressure gauge.

#### Patented Air Induction Tools

CFR's patented air induction tools atomize high velocity solution at 200-1000 p.s.i. to "scrub" each individual fiber and simultaneously recover this solution to prevent over wetting. They clean carpeting, upholstery and even fabric partitions better than conventional extractors and they are more efficient than foamers or pressure washers on ceramic and other hard surfaces. The unique tool design provides total solution control with the CFR Continuous Flow Recycling cleaning system. 98822
