

Model Number: 9.802-048.0

Karcher 9.802-048.0 - Steel Swivel 1/2in Jic Fpt 3/8in Mpt Steel

Manufacturer: Karcher Pressure Washing

Steel Swivel, 1/2in Jic Female Pipe (7/16-20) Thread 3/8in X Male Pipe Thread (Mpt)
9.802-048.0

Not live means Only swivels for installation and removal

Steel construction means that it is made from a stronger metal.

Rated for 5000 psi

Once installed, no longer swivels

JIC means interior beveled receiver on the inside of the female side.

Does not require pipe thread on JIC side.

Do not over tighten JIC side - more compression is not better.

Note: Jic threads look smaller than you think. Example when you look at 1/2 JIC you will think it is 3/8 pipe size and it will not be. The give away clue is the 37 degree bevel receiver on the inside of the throat.
