PowrFlite WW1000-2 Wonder Wand 12in 1-1/2in Pipe 2 Jet Double Bend Freight inc

Manufacturer: Powr-Flite

PowerFlite Wander Wand

The best wand ever made!

Patented Solution Control - Our revolutionary technology allows you to recover as much as 30% more solution than conventional wands. This process pushes the cleaning solution, atomized with air at high velocity, through the carpet fibers, and then directly back into the recovery chamber. Our unique technology prevents any solution from soaking into the pad and backing below. This allows you to increase the pressure and water flow, without soaking the carpet! The result is carpets that are cleaner and dry faster.

Top Quality Components - Our wand features only the best components. All stainless steel construction... 1,000 p.s.i. heavy duty valve... Stainless steel braided solution line... Brass final filter with stainless steel mesh... quick release spray tips.

Ergonomic - The Wonder Wand incorporates the latest in ergonomic design. The unique "roller" system allows the user to maintain a more upright posture to reduce back fatigue. It also allows the wand to be rolled forward on the return stroke, eliminating the need to pick the entire wand up. You will be amazed how this will reduce fatigue after a long day of cleaning.

Schematics and parts list

Designed to work with all 400 and 500 psi portables and truck mounted carpet cleaning machines.

Equipment: Carpet Cleaning Machines > Vacuum Cleaners > HEPA Concrete Dust Slurry Hazmat Vacuums >
