Description

Feature/Benefits: Every professional will love the convenience of hose-hook. No more hose in the way as you clean stairs, Simply hang them from the hand rail and they are out of the way. Also used to stabilize hoses in almost any situation. Without securing your hose to the top of the steps the hoses have a tendency to slide down the steps as you make each carpet cleaning stroke. Will secure 2" vacuum hose and a pressure line. Can be used for 1-1/2" vacuum hose too. A must for all carpet cleaners. Prevents your hose from crawling down the steps as you clean the second floor. Helps prevent wall damage too!
