Clean Storm Bundle 54606095, TruckMaster 20Ft Accessory Solid Core Air Duct Cleaning System, 7 Brushes AD101 CE2958D

Manufacturer: Clean Storm

Truckmount TruckMaster 20 foot Air Duct Cleaning System with 7 brushes + clutched drill + foot pedal controller.

The TruckMaster is the most cost-effective way to turn your carpet cleaning truck-mount machine into a powerful air duct cleaning machine in just seconds. Now you can easily add air duct cleaning services to your carpet cleaning business and add valuable revenue to your bottom line.

Carpet cleaners love the TruckMaster because it only requires one person to operate and the power and control box has a very small footprint so it doesn't take up valuable space in the truck.

The TruckMaster combines the power of your truck-mount vacuum with Clean Storm duct cleaning brush and motor. It has been specifically designed to work in conjunction with your truck-mount machine to maximize duct cleaning power, while saving you time.

You can operate in clockwise or counter clockwise direction.

Cable, Hose 1.5" X 20' W/7 Button brushes

Solid core cable

You can drive the brush with your 18 or 24 volt cordless drill or plug in drill as long as it has a clutch on it.

End of cable is round and is designed to fit in any 3/8 clutched drill.

90 day factory warranty

Rules for use:

#1 Clutched drill must be used. If you plug in a standard non clutched electric drill, you will break the cable. Set clutch to the lowest setting that still allows the brush to turn.

#2 Do not use with more than 360 degrees of bends. Do not use coiled up.

#3 If you vacuum system is a carpet cleaning machine, you must use the dustdowner connectors to spray water inside of your vacuum hose to protect your machine.

#4 Only use the silica carbide brushes for metal duct work and fireplace cleaning.

#5 Set the speed of the drill at the lowest setting using a zip or cable tie. This is about 320 rpm.

#6 Opening of duct must be at least 4"

#7 If you want to use an indoor vacuum or shop vac it must be HEPA rated filtration, otherwise exhaust your recovered air outside the home. Example, like a truckmount

carpet cleaning machine. If you are in the market for the HEPA filtered vacuum look at the Clean Storm Triple Motor HEPA

If you break the cable because you were not following the above rules, this is operator error and not a warranty consideration.

The only way you can break the inner cable is if you broke one of the above rules.

Snap on brush change design - No need for tools

Can be run in forward or reverse without the possibility of spinning off a brush

Button locking stainless steel design for durability and lasting performance

This orange jacket cable has the same inner design as our traditional Solid Core cable systems, but features a more flexible outer jacket.

This design makes it easier to navigate elbows and turns.

The TruckMaster is an air duct cleaning machine that connects to a truck-mounted carpet cleaner. It consists of 2 components:

- The Duct Cleaning Vacuum Hose/Motor/Brush assembly, which includes:
 - The 20 ft hose X 1.5" - crush-proof vacuum hose
 - Can be driven with any clutched drill - plug in or battery
 - The electrical power cord foot pedal controller
 - Included assorted "Flex-Brush" that adjusts for ducts from 4" to 18" in diameter.
 - A "coil and carry" handle strap hose bag for easy transport
 - Dust-Damper attachment (see picture)
- The power drill and foot pedal control switch
