

Model Number: Vantage 1500

B-Air Vantage 1500 Dehumidifier Freight Included

Manufacturer: B-Air Movers

The B-Air VG-1500 Dehumidifier was not designed to reinvent the wheel. Affordability, dependability and performance are what contractors look for in conventional refrigerant dehumidifiers and that's what the Vantage 1500 delivers. It was built to work hard and outperform its contemporaries. In doing so, the VG-1500 is simply the best dehumidifier in its class.

User-friendly controls and an automatic condensate pump allow for ease of use. Its large semi-pneumatic wheels, angled rigid handle and compact size make maneuverability and transport a breeze. Units available in blue, red, or green.
