

Model Number: 182-102

Shurflo 182-200 (Formally 182-102 and 182-100), Accumulator, Nylon Tank, 1/2in Threads, 8.723-575.0

Manufacturer: Shurflo

Shurflo 182-200 (Formally 182-102) Accumulator Nylon Tank 1/2" Threads 8.723-575.0

Reduces pump cycling
Smooths water faucet pulses
Pre-pressurized to 30 Psi with built-in diaphragm

SHURflo accumulator tanks reduce pulsation and pressure spikes, increase the life of your pump and even save battery power. Each tank is NSF certified and easily handles pressure requirements from 20 PSI to 125 PSI.

Specifications:

OEM #: 182-100
Aftermarket #: 182-200
UPC 752324009626
8.723-575.0
87235750
Dimensions: 9.1" x 4.8" x 3.8"
Total Volume: 24 oz.
Maximum PSI: 125 PSI
Precharged: 30 PSI
Warranty: 1 Year

The SHURflo Accumulator Tank smooth water faucet pulses and eliminates pump cycling to keep water line pressure up and pump motors cool. Unlike other tanks, the SHURflo Accumulator incorporates a butyl rubber diaphragm to maintain pressure for years, rather than days with traditional tanks. Has a maximum working pressure of 125 PS and a capacity of 42.8 cu.in. (.7 liters).
