

Model Number: CM220290100

VersaTube Steel Shelter Carport 20 ft X 29 ft X 10 ft High

Manufacturer: VersaTube Building System

VersaTube Steel Shelter Carport 20 ft X 29 ft Wide X 10 ft High
Product Summary

VersaTube two-vehicle steel shelter provides outdoor protection for two vehicles, equipment and more. VersaTube carport is a stronger alternative compared to canvas carports or canvas covers, and is also much sturdier than aluminum. Patented "Slip-Fit" connections make assembly fast and easy. Framing system is designed to meet even the harshest snow and wind load conditions and is engineered to 40 PSF snow and 90 MPH wind loads. Instructions included for convenient installation on any level surface. Highly versatile shelter can be installed on ground, gravel or concrete and can be used for a variety of storage needs. Check local building code regulation before purchasing. U.S.A.

Can be help full in auto detail work, outdoor work shops, and much more.

New photos coming soon of the actual 20 X 29 X 10 unit.
