

Model Number: 20150326

20150326, Add Vacuum Motor Lint Screen, Filtration, and Gasket to any vacuum motor

Manufacturer: Clean Storm

Add Vacuum Motor Lint Filtration to any vacuum motor

The cost of vacuum motor is not included.

Can be added to any vacuum motor that ships from San Antonio, TX. and has a flat bottom.

This means on drop ship orders you might have to self install these parts.

This is a standard practice for Thermax branded extractors.

Includes 1/4" thick gasket and two layer lint protection.

Prevents animal and human hair getting sucked into your vacuum motor and ruining it.

Parts can also be shipped to you for self installation.

Photo shown here was performed on an Electro Motor 2 stage 120 volt vacuum motor

Optional:

Electro Motor 2-Stage Vacuum Motor for EDIC G00537 Galaxy Carpet Extractors

Availability: This product was added to our catalog on Thursday 26 March, 2015
