

Model Number: PAS36

PowrFlite Drain Hose Cap Plug fits Most PowerFlite Extractors

Manufacturer: Powr-Flite

Fits the pfx900s drain hose used on most Powr-Flite extractors and self contained units.

If the keeper ring or tether break causing you to loose your drain hose plug this is just what you need to be back on the job.

It happens easily enough that you may want to keep at least one on hand in your van just for back up

Also fits Some Castex and many other machines that use the same size drain hose
