

Model Number: 77002

Tornado 77002 CFR 33ft Flexible Hide-A-Hose Set 1.5in QD's and Valve installed

Manufacturer: CFR

Tornado 77002 33ft Flexible Hide-A-Hose Set 1.5in QD's installed CFR 722868B
Description

The Hide-A-Hose's simple principle of placing the solution line through the vacuum line with specially modified hose cuffs makes it the most time savings convenient hose system in the industry. No more taping the solution line to the vacuum hose which insures that you keep flexibility and the sticky tape does not drag dirt from job to job.

The Hide-A-Hose is taking over the carpet cleaning industry. The benefits using the Hide-A-Hose are numerous. No more joining the solution hose to the vacuum hose with tape or cable ties... or those vinyl ties that tend to catch on things going by. The ease of rolling one hose out at the job.

Simply the most innovative invention since the Steam Extraction Carpet Cleaner.
Specification
