

Model Number: EZ3345

SteamBrite EZ3345 33Hp Dragon Slayer Multi Surface Truckmount Pressure Washer Recovery Synergistic Package Modular

Manufacturer: SteamBrite MFG

SteamBrite MFG 33Hp Modular Dragon Slayer Multi Surface Use Truckmount Pressure Washer Recovery Package
One system for all surface types.

All steam cleaners are not created equally, and do not perform equally! Discharge temperature and GPM (gallons per minute) makes a huge difference in cleaning impact. When the discharge temperature is increased, more of the heated water flashes to steam after the water passes through the nozzle. When the water vaporizes, it expands to almost 1500 times its former volume, adding velocity and increasing cleaning impact! The hotter the water, the more steam is produced, providing a substantial increase in water droplet acceleration and cleaning capability.

Full adjustability with the temperature control dial. You choose what ever temperatures you want, all the way to 250 degree live steam.

But what if you need a hotter more powerful cleaning? This is perfect for dual wand and running multiple tile cleaning tools and pressure washing.

Doing flood work? 30 GPM Auto dump pump lets you choose when you want water pressure discharge 30 gpm out of 1.5" barbed fitting, or 15 gpm out a garden hose! (Your choice, and toggle between both options.)

Simply turn on the ball valve for low pressure 400 psi upholstery, 500 psi carpet and 1500 psi tile and grout cleaning, 4000 psi sidewalk cleaning!

Package includes:

Hydrotek SK40005VH Skid Hot Gas Pressure washer 3800 psi
4.8gpm 570cc Gas Engine

Easily Maintains Maximum Temperature 250°F

Temperature Rise: full 190 degrees with 4 GPM (dual Wanding)

Approved Fuels #1 or 2 Diesel, Kerosene, Fuel Oil, 50/50 mix of clean Bio Diesel

Heater Fuel Capacity 8 gal.

Free and included

Equipment: Carpet Cleaning Machines > Vacuum Cleaners > HEPA Concrete Dust Slurry Hazmat Vacuums >

-Training DVD 4 Pack: Covers the basics a Cleaner needs to know 6 hours of training

Warranty information

Dragon Slayer Truck Mount Carpet Cleaning Machine Package Advantages:

Saves fuel over truckmounted systems as you only run the engine for what you need. Example if all I need is my pressure washer, just turn on that engine. If all need to do is preform flood extraction, just turn on that engine.

Hotter than other heat exchanger truckmounts because it has the fuel fired option. Only turn it on the fuel fired option when you want!

Fuel fired heater works with all hand tools, wands, and attachments as low as 1 gpm. All other brands require high flow wands to activate burner.

Built in Automatic Pump Out with manual override. Other models change a \$1000 or more just for this feature and it is included on you new Dragon Slayer Truck Mount Package.

Exhaust diverters allow for water damage flood extraction work without having to hook the machine to water pressure to "cool down the heat exchangers."

Larger, more industrial water pressure pump

Dual wand tile cleaning! The machine never runs out of HOT WATER and even dual wand cleaning.

Blending the power of your two power corded portable carpet cleaning machine.
