Manufacturer: Mytee Products

Mytee Trex 15 Total Rotary Extractor Power Wand 15in Price Match Air Mover Included
Video

Description

The T-REX[®] is the Ultimate in Total Rotary Extraction. Say goodbye to traditional wand carpet cleaning. With Mytee's high performance T-REX[®] rotary extraction tools, carpet cleaning has never been easier. The rotary action of the cleaning head does all the work, meaning less user fatigue and more consistent results in a fraction of the time that it takes to use a wand.

The powerful 1 HP motor on the T-REX[®] allows you to clean faster and deeper. It also works to easily lift embedded soil and restore the carpet surface. Impress customers and build loyalty with superior cleaning results. Add the Mytee[®] T-REX[®] to your cleaning arsenal today.

Please note: that because of the high water flow use, we recommend that you consider a truck mounted extractor or portable carpet cleaning machines that are autofill and automatic dump. Then because the machine is hooked to the sink, you need a higher performance machine with at least Dual 3 Stage vacs, Triple 2 stage vacs, quad 2 stage vacs, or dual 6.6 vacuums (or more) to run the longer hose runs. Please do not try to operate 14" and 15" wide wands with machines that have 5 stages or less of vacuum with at least 500 PSI.

Features

- 15' Prime; Cleaning path
- Powerful 1 HP electric motor
- 60-160 adjustable RPM
- 6 vacuum slots for quick drying times
- High solution flow; 6 jets.
- Ambidextrous safety switch – prevents damage to near by objects
- Elevated, easy handle adjustment
- Clear swivel tube
- 2' Prime; Cuff-Lynx[®] hose connection with retainer keeps vacuum hose from getting in the way
- Pigtail with detachable 25' prime; lighted power cord

- Front handle for easy pick up
- 6″ wheels

Included

Included Gift

Note: Because this wand has 6 jets on it, most machines will experience a pressure drop between pump standby pressure and use pressure. Example: Pressure gauge might be set on 450 psi but when you squeeze the trigger on the tool, the use pressure might fall under 225 psi. Suction feed machines will experience a larger pressure drop than pressure feed machines. If you own a suction feed auto fill extractor, you can convert it to pressure feed if you want to improve cleaning results. All makes and brands of portables can be converted from suction feed to pressure feed.

Save an additional 2% PLUS Avoid home delivery surcharges by paying by wire transfer and deliver to a 'hold @ dock' location. (credit card companies not longer allow for hold at dock delivery to cut down on credit card fraud)
