Model Number: 091965010517

Chemspec C-AFTR1G, Prochem All Fiber Textile Rinse, 1 Gallon, UPC 091965010517, 105844

Manufacturer: Chemspec

Chemspec C-AFTR1G Prochecm All Fiber Textile Rinse 1 Gallon UPC 091965010517 / 105844
Economical: All Fiber Textile Rinses dilution ratio is 1 ounce per gallon of water.
This highly concentrated acidic rinse will make 129 gallons of Ready To Use Solution.

Effectively Used On Upholstery As Well As Carpet Experience has taught us that leaving fibers and fabrics in an acid state after cleaning will help prevent browning. Using Chemspec All Fiber Textile Rinse: Stabilize dye systems. Is safe for use on all natural and synthetic fibers. Can be used as a fiber prep as the first step in a re-dying process for on location nylon and wool dyeing. Is effective in neutralizing urine residue (odor) prior to deodorization. Effectively removes road salt and calcium Chloe ride deposits. Can be used to speed drying time for Flood Restoration.
