Manufacturer: Harvard Chemical Research

Harvard Chemical 100108 Extreme High Heat Extraction Powder 4 x 7.5lbs Jars  
Case

### Description

This unique carpet detergent was designed for use in extremely hot water. Many detergents break down and lose effective in high temperatures but this pleasantly scented powder has been formulated for use today's ultra hot truck mounted extraction equipment. This product contains complex surfactants, which make it highly effective on natural and synthetic fibers

## Features

- Effective in extremely hot water
- Powerful cleaners for use on residential and commercial carpet
- Cuts heavy, greasy soils
- Safe on stain-resistant carpet (See Instructions)
- Contains corrosion inhibitors

## Specification

Appearance: Green Powder

Odor: Fresh

PH 9•10

Specific Gravity: N/A

Detergency: Excellent

Biodegradable: Yes

### Directions

For residential and commercial carpets always pre-test in an inconspicuous location.

Truck Mount Use: Mix 20 ounces (2.5 cups) into 5 gallons of warm water until completely dissolved to make truck mount concentrate for use in chemical injection system. For stainresistant carpet, set truck mount chemical injection system for 2 gallons per hour. For commercial and non-stain resistant carpet, set truck mount chemical injection for 3-4 gallons per hour.

**Portable Use:** For stain-resistant carpet, mix 2 ounces per 5 gallons of hot water. For commercial and non-stain resistant carpet, mix 2 ounces per 5 gallons of hot water.
