DriStorm Goliath Flood Pumper 26gal Four 2 Stage Vacs and Pressure Washer
Recovery 120v with Lint Filtration SBM-GO-A SBMGOA 20220803

Description

Quad Vac Flood pumper The Industries Strongest Water Extraction Machine and
Electric Pressure Washer Vacuum Recovery!

Ultra tough Fiberglass body for durability.

Fiberglass body is not affected by steam vacuum recovery as plastic housing get soft.

New Larger Flat Lid.

Four 2 stage vacuums (8 stages total will operate 200 ft of 2" vacuum hose!).

Vacuum motors are configured as a pair is in series and then both pairs are in
parallel for the best of both worlds of high cfm and high inches of lift.

Primary cord (20 amp) runs (2) vac motors in air series with ball float shutoff and
sump pump.

If a secondary circuit is not available, machine would perform on this cord.

Wired with an in-line GFI and cooling fan.

Secondary circuit (15 amp) runs the (2) other vac motor in air series with a ball float
shutoff and check valve.

170" of Lift, normally dual 2 stage in series would only achieve 155" of lift but these
MaxVac vacuum motor are actually performing 170" in series! This is one of the
reasons we chose this set up. (These are not inflated numbers! 42,500 vacuum

units (maximum 170 inches of lift X maximum 250 CFM) make this one of the strongest electric machines on the market. Nothing comes close. This machine is impressive when it comes to suction. This machine will run longer hose lengths and dry carpet better than any other electric machine that is operating on two power cords. 30 amp total vacuum system @ 120 volt = 3600 watts vacuum performance! 50 GPM Stainless Steel Sump Pump with water level sensor (machines automatically dumps the dirty water as you clean for non stop production). Draws only 3.5 amps. Will operate on one 15 amp power cord, will operate on two 7 amp power cords, will operate on two 15 amp power cords, will operate on two 20 amp power cords. Just turn off features in applications where you have less power available. Dual port water pump out discharge. Toggle back and forth between automatic dumping out a garden hose (for cleaning jobs) or out a 1-1/2" vacuum hose (water extraction jobs), your choice. Switch plate cover will keep your water resistant switch covers in place. Unlike some other brands the clear water protection cover can fall off once the machine gets old or if it gets knocked around. Easily converts into an air duct cleaning machine, tile cleaning machine, carpet cleaning machine, auto detail extractor.

We compare the top flood extraction units on the market to see how they compare. Click Here is the list of features to look for.

Features

- Dual ball float/standpipe for increased air flow and vacuum performance.
- Water and vacuum tight hinged with gasket reinforced lid.
- Circuit locator Green Light
- 50 Gpm Automatic drain while vacuum on.
- 12" rear wheels stair climbing wheels.
- Front mounted GFI w/ waterproof cover.
- Built in Auto Defoamer with adjustment knob.
- Dual cam lock waste water discharge - Garden hose for cleans and 1-1/2" dump hose for floods (your choice)
- Dual 50 ft. 12-3 power cords
- Machine will operate on either one or two power cords (see below)
- When the machine is operating on one power cord you have the option to run the vacuum motors in series or parallel.
- Operates 200 foot Vacuum Hose runs!
- Operates 13", 14", 15" Carpet cleaning wands
- Operates Air & Water Vacuum Recovery for 21" Pressure Washing Surface Spinners
- Made in the USA
- Operates either 1.5" ID or 2" ID vacuum hose (your choice)

Clean Storm 20131411 Cold Electric Pressure Washer 6720 Cleaning Units 2100 psi
3.2 gpm 2 Power Cords 115 Volts
Features

- The world's strongest 115 volt pressure washer!
- Plug in everywhere 2 Power Cords 115 Volts!
- No need to hunt down dedicated 20 amp breakers!
- No special 230 volt outlets needed!
- Every home, every business has 15 amp outlets and can run this pressure washer!
- No green house gases, No gasoline needed. No gas engine maintenance.
- No pulling and engine cord.
- No hard starting.
- Starts every time!
- Runs on two 15 amp regular wall outlets.
- Ready to work all day when you are.
- Built in circuit breakers.
- Built in circuit locator informs you that you are plugged in correctly before you turn on the pressure washer.
- 1st high pressure, high cleaning unit, that plugs in everywhere!
- Use indoors or outside.
- Built in dial in pressure unloader to adjust the pressure and amp draw from 0 psi 5.7 amps to 2100 psi/ 16.8 amps.
- Heavy duty hose, lance, and power cord storage hooks on handle and frame base.
- Heavy Duty Powder Coat Steel Frame, Over-sized Rear Wheels, Rubber Front Feet, Spray Jet Storage Rack.
- Longer 50 ft pressure hose, longer lance than other electric cold models.
- Perfect around the shop, home, deck, cement, tile, car cleaning

- You will love this pressure washer.
- When you squeeze the trigger on this tool the lance has some real 'kick' to it.
- Super impressive!

Little Giant 20140930 Propane Extreme Pressure Water Heater 2200psi Complete Starter Package 120000 BTU 3HTLPSQXP
Includes both the items below:

Little Giant 3HTLPSQXP 120,000 BTU Propane Heater (Extreme Pressure) 2200psi Basic Starter Package 34214356

Little Giant Solution 1/4 In Id Hose 15 ft Connection Kit 20141428

Description

Perfect for even pressure washing!

These high pressure propane heaters are just what you need to get your Truck Mount or portable extractor steamin' like you like it! Just add the bottle and the propane regulator and you are in business. Ready to melt grease, tar, gum, wax, and other heavy traffic lane soil away effortlessly. 3HTLPSQXP-Extreme pressure model 2200psi Heater only (2000 psi relief valve). We Have Been Making Water Heaters Since 1904. This long tradition of efficient performance is the result of rigid control of manufacturing details and the use of the finest materials and craftsmanship available. Little Giant Water Heaters have proven to be dependable under the true test of

constant daily use. They will provide long, care free service and the maximum is satisfaction.

Important Note

It is extremely necessary that the Gas Pressure Regulator used to supply the heater with LP Gas has a capacity rating higher than the consumption of the heater. Too small a regulator will decrease the gas flow, the gas pressure and the amount of hot water produced. The Model #204­00 Regulator is rated at 140,000 BTU/Hr., which is sufficiently sized to supply the gas for Models #1, #2 or #3 Hotomatic® heaters. The Model LV4403C9 Regulator is rated at 575,000 BTU/Hr., which is the model we recommend for the #4 HT Hotomatic. The top water inlet is 1/4" Mip. No pressure hose or 90 degree elbow is provided. If you need a pressure hose or brass fitting to hook up your heater, please let us know.

A gas supply hose that is too small will reduce the flow rate of the LP Gas. This reduces the gas pressure at the burner and the amount of hot water produced. Use a 1/2" I.D. Hose minimum for the #1, #2 or #3 HT Hotomatic heaters. Use a 3/4" I.D. Hose for the #4 HT Hotomatic heater.

More Information about this heater.

Mytee Trex 15in Rotary Extractor Power Wand and Brushes

Description

The T-REX™ is the Ultimate in Total Rotary Extraction. Say goodbye to traditional wand carpet cleaning. With Mytee’s high performance T-REX™ rotary extraction tools, carpet cleaning has never been easier. The rotary action of the cleaning head does all the work, meaning less user fatigue and more consistent results in a fraction of the time that it takes to use a wand.

The powerful 1 HP motor on the T-REX™ allows you to clean faster and deeper. It also works to easily lift embedded soil and restore the carpet surface. Impress customers and build loyalty with superior cleaning results. Add the Mytee® T-REX™ to your cleaning arsenal today.

Please note: that because of the high water flow use, we recommend that you consider a truck mounted extractor or portable carpet cleaning machines that are autofill and automatic dump. Then because the machine is hooked to the sink, you need a higher performance machine with at least Dual 3 Stage vacs, Triple 2 stage vacs, quad 2 stage vacs, or dual 6.6 vacuums (or more) to run the longer hose runs. Please do not try to operate 14" and 15" wide wands with machines that have 5 stages or less of vacuum with at least 500 PSI.

Features

- 15″ Cleaning path
- Powerful 1 HP electric motor
- 60-160 adjustable RPM
- 6 vacuum slots for quick drying times

Equipment: Carpet Cleaning Machines > Vacuum Cleaners > HEPA Concrete Dust Slurry Hazmat Vacuums >

- High solution flow; 6 jets.
- Ambidextrous safety switch – prevents damage to near by objects
- Elevated, easy handle adjustment
- Clear swivel tube
- 2″ Cuff-Lynx™ hose connection with retainer keeps vacuum hose from getting in the way
- Pigtail with detachable 25′ lighted power cord
- Front handle for easy pick up
- 6″ wheels

Optional

Clean Storm 20190925 Grout Master Cleaning Edging Hand Tool 300psi - 1200 psi
Clean shower walls, counter tops, and grout lines with your 500 psi machine
