Warranty  
WITH YOUR PACKAGED PURCHASE.

Blemished means: might have blemish, scratch or dent, return by shipping company or returned by customer with shipping damage,  
All blemished units have been tested, and cleaned and come with the remaining parts factory warranty.  
Limited stock so if you purchase it and we cannot fill the order because another customer beat you to the bargain, your money will be returned.  
All sales are final.

This unit is in A+ condition!

The Ultimate in total rotary extraction.  
Carbon Fiber 2" Tube for Light Weight  
Six Vac Heads for Better Recovery.  
1/2 HP Adjustable Speed Motor (60 to 160 RPM)  
15" Diameter Head with 6 Hi-Flow Wide-Angle Jets  
Adjustable 60 &ndash; 160 RPM 1/2 HP electric motor  
2" Diameter Clear Vac Swivel for Observation  
Pigtail with detachable 25' lighted power cord  
Weight: Machine weight 65 lbs. + Cleaning head 18 lbs = 83 Lbs lift needed.  
6" Wheels for Easy Handling  
Wrench is provided for easy hub removal

Please note that because of the high water flow use, we recommend that you consider a truck mounted extractor or portable carpet cleaning machines that are auto fill and auto dump. Then because the machine is hooked to the sink, you need a higher performance machine with at least Dual 3 Stage vacs, Triple 2 stage vacs, quad 2 stage vacs, or dual 6.6 vacuums to run the longer hose runs. Please do not try to operate 14" and 15" wide wands with machines that have 5 stages or less of vacuum.

Note: Because this wand has 6 jets on it, most machines will experience a pressure drop between pump standby pressure and use pressure. Example: Pressure gauge might be set on 450 psi but when you squeeze the trigger on the tool, the use pressure might fall under 225 psi. Suction feed machines will experience a larger pressure drop than pressure feed machines. If you own a suction feed auto fill extractor, you can convert it to pressure feed if you want to improve cleaning results. All makes and brands of portables can be converted from suction feed to pressure feed.

There were two parts missing according to the parts list. One was the H061 2' vac hose x 22 and the other, G082A sleeve, vac relief, 2", spin.

Both these parts are not missing rather been removed from the box as they are no longer included. So far the last two customers that have purchased this wand have both called SteamBrite and we have already confirmed this is not a packaging error. Your 2" truckmount or portable vacuum hose it to hook direct to the wand. No leader hose with vacuum relief is included or needed.

This wand is factory recondition as new but is not new so it might have some nicks and scratches on it.

This wand has a full factory warranty - same as un-opened boxed unit for hundreds less \$\$\$!

Sales tax collected in TX and CA on both the item plus all shipping charges.

Leo Griggs Carpet Service, Oxnard California 93035:

"I have cleaned carpet for years and trex is the best power head ever, saves time, and does a great job!"

\*Our refurbished equipment goes through the same type of testing as all of our products do that are ready for purchase. The unit is in perfect working condition when it leaves our facility. One year warranty on parts only &ndash; does not include labor or shipping.
