

Model Number: 20160421

Clean Storm CRB20 Wide Pre-Scrubber and Dry Cleaning Machine Starter Package Encapsulation Bonus Power Cord 20160421

Manufacturer: Clean Storm

Clean Storm CRB-20" Wide Counter Rotating Brush (CRB) Pre-Scrubber Shampooer and Dry Cleaning Machine VLM (Very Low Moisture) Complete StartUp Package. Clean up to 10,000 sq ft per hour (929 sq meters)

Commercial carpet cleaning system that gives you 6 machines in 1.

1. Ultimate Pre-scrubbing agitator for before hot water extraction.
2. Adsorbent powder and encapsulation dry carpet cleaning machine.
3. Hard floor cleaning machine.
4. Pile lifting machine.
5. Area rug and wool cleaning machine.
6. Ultimate Hair removal machine.

Do you walk over money at your job sites?

Do you say you are only a carpet cleaner and walk over the tile to get to the carpet?

Do you set the area rug out of the way so you can clean the wall to wall carpet

underneath because you are scared they might bleed? Bring your carpet cleaning company into the 21 century with the TM5.

Can be used on dry, or damp carpet.

Change between brush types in under one minute. From soft area rug brushes, carpet cleaning brushes, tile cleaning brushes.

Ultra fast and super easy to use.

Counter rotation of brushes makes the machine glide over the carpet like a hockey puck on ice!

Built for the dry cleaning industry but quickly taking over as the best prescrubbing machine on the market today. Use before you rinse with your portable or truckmounted hot water extraction machine.

One machine can drive and clean the carpet, tile and delicate wool rugs.

2 year limited warranty on machine / 90 days on gears

Motor: 750W

Electricity: 120V

Brush rotation: 380 RPM

Sound level: 57.8 dB

Dirty water/powder capacity: 0.9 gal

Cleaning capacity (carpet/hard floor encapsulation cleaning): 7500 square feet/hour/ Agitation for prescrubbing 10,000 sq ft hr.

Includes Blue default Carpet Cleaning Brush. Optional Tile and grout brushes available.

Machines have splash proof electronics and can be used in rug pits, carpets and hard floor surfaces.

- Cylindrical counter-rotating brushes turning at 380 RPM dislodge embedded soils without damaging carpet fibers

- Renovator system captures dry particulate matter and debris and lifts pile while agitating.
 - Solution dries in minutes
 - Multi-purpose: use to agitate prespray before hot water extraction; change brushes for wood floors and other hard surfaces
 - 20-inch cleaning path delivers up to 5000 square feet per hour of cleaning.
- Connect two units for even faster cleaning!
- Great for residential and commercial carpet
- 35" Long lift off handle
Machine is 50" with the handle parked upright inside of the transport tray.

Includes: Snap in Stainless steel renovator trays with view windows.

Optional; Strong TM5 Tile Cleaning Hard Black Brush CRB 20" B850 Each

Assembled in the USA from globally sourced products.

Package Advantages:

1. Does not require a lot of water, so makes it perfect for locations when water hook up is either far away or in limited supply. Example Airport, shopping center, and classroom cleaning
2. Does not require any level of training and makes it impossible for an operator/ employee to hurt the carpet or themselves.
3. Operates on one electrical breaker as some other cleaning systems require 2 or more breakers because of on-board heaters or powerful vacuum motors required to dry the carpet.
4. Chemical process includes fabric protection for anti-resoiling.
5. Dry faster than other methods of cleaning and ensures client has full use of carpet sooner.

Question: Are the soft white brushes that are supplied with the machine OK to use on

wool, jute, sisal, and silk rugs?

Answer: The factory performed a change on brushes. The original design was to include a white soft brush for home carpet and natural fiber area rugs. These have been changed out, by default now you receive blue brushes that are both home wall to wall carpet and will also clean commercial carpeting. The white brushes (now optional) on the TM4 and TM5 do just fine on natural fibers, however, I do try brushes on any small area of the carpet or rug prior to performing the actual cleaning job.
