Hydroforce AH228, Flash Swivel Swivelling Hose Cuff Connector, 1663-3935 Works Flash Cuffs 2.0in Vinyl Cuffs Some 1.5in cuffs

Manufacturer: HydroForce

Hydroforce AH228 Flash Swivel Swivelling Hose Cuff / Connector - Works with Flash Cuffs 2.0in Vinyl Cuffs and Some 1.5in Vinyl Cuffs

Flash Swivel

Tired of twisting, curling, kinking vacuum hoses? The Flash Swivel turns to allow twisting hose to straighten out. This makes it easier to clean and to roll up your hoses at the end of a job. The Flash Swivel also keeps vacuum hoses positioned away from your body to reduce interference with your cleaning motion.

Same thread count as the outside of 2" vacuum hose on one side X (by) 2" outside diameter /combo with same thread count as 2" vacuum hose on the other side.

See example of use with flash cuffs and regular cuffs in photos.

(Works with Flash Cuffs, 2" vinyl cuffs and some 1 1/2" vinyl cuffs.)

The NEW Flash Cuff® takes durability and innovation to the next level! Rugged construction and a unique design ensure that twisted hoses and cuff replacements are a thing of the past. Additionally, the Flash Cuff® both swivels and locks - no need to choose one feature over another.

IMPROVE PRODUCTIVITY

- Tighter connections between cuffs decreases the amount of air lost - leading to faster drying times.
- Inside diameter of the cuff is the same as that of the hose, keeping turbulence to a minimum and increasing air flow.
- Cuff allows your hoses to swivel - don't spend your time untwisting tangled hoses.
- Easy push-button lock keeps your hoses together whether you're going upstairs or around corners.

Equipment: [Carpet Cleaning Machines](#) > [Vacuum Cleaners](#) > [HEPA Concrete Dust Slurry Hazmat Vacuums](#) >

INNOVATIVE DESIGN

- Virtually indestructible; we've driven a truck over this, enough said!
- Tapered ends and shorter length allow the Flash Cuff to fit on the hose reel and keep its shape better than competitive products.
