Clean Storm 20170401, AbZorb Ultra Pro, Organic Compound Dry Carpet Cleaner, 28 lbs.
DryZone, GTIN N/A

Manufacturer: Clean Storm

Clean Storm 20170401 AbZorb Ultra Pro Organic Compound Dry Carpet Cleaner 28 lbs. DryZone

Description

This is the most effective dry carpet cleaning chemical you are going to find in the market. It is a natural and soft cleaning compound that is, at the same time, safe and powerful, for all kinds of carpet cleaning needs. It is the fastest and most effective solution for areas with heavy traffic. DryZone AbZorb is a soft, organic and natural cleaning compound and a safe & powerful system that effectively cleans and restores virtually any type of carpet or rug. Reduces or eliminates re-soiling, wick-back and mold due to over wetting of most other carpet cleaning methods. AbZorb is designed to best be applied with CRB or VLM Carpet Cleaning Machines as both chemical and mechanical actions are required to break the oil bond, remove sticky residue and pull the dirt away from the carpet fibers. ABZorb is formulated to dissolve both oil and water based soil and entraps it until removed by the VLM machine or by vacuuming. AbZorb does not leave a stick residue and carpets will stay cleaner much longer. A trace of the absorbent material may remain in the carpet after initial removal but it is not abrasive or harmful. This trace amount of absorbent material will be easily removed with subsequent vacuuming. It's that simple! Best for carpets and rugs in commercial areas with excessive foot traffic and Stains.

Specifications

- Appearance: Slightly yellow
- pH: 6.0
- Flammable: No

Directions

- Always pre-test for color fastness and fiber distortion in an inconspicuous area before application. Do not apply to color sensitive fibers: leather, satin, suede, velvet non-colorfast wool, or any fabric that can be damaged by water based solutions.
- Thoroughly pre-vacuum area to be cleaned.
- Preheat spots and high traffic areas using a pre-spray such as Strong Industries' Ultra Pro encapsulation & pre-spray cleaner. Lightly spray the area to be cleaned and agitate in all directions with the STRONG VLM Carpet Cleaning Machine. For smaller areas, work into the spot and with a soft carpet brush or colorfast white towel. IF spot/stain is severe, also add Bonanza spot & stain remover on to spot/stain. NOTE: Avoid scrubbing aggressively with hand held brush to prevent permanent damage to carpet fibers.

Equipment: Carpet Cleaning Machines > Vacuum Cleaners > HEPA Concrete Dust Slurry Hazmat Vacuums >

- Apply Abzorb dry carpet cleaner onto carpet/area to be cleaned. Use strong VLM carpet Cleaning Machine to agitate Abzorb dry carpet cleaner by running machine in all 4 directions of the carpet pile. Allow Abzorb dry carpet cleaner to dry completely in the carpet prior to removal.(Typically 15 to 30 minutes).

- Remove by vacuuming or by using the renovator system included with the STRONG VLM Carpet Cleaning Machine.

- Repeat steps 2-4 if necessary for heavily solid areas.

- When not in use, seal inner bag and tightly close the lid in order to retain moisture of the product. Store in a cool and dry place.

Safety Cautions

Keep out of the reach of children!

Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material safety data sheet. (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.
