Flojet 02100882A, Pump 115V 1.6 GPM 50 PSI, 9.101-358.0, UPC 671880

Manufacturer: Flojet

Flojet 02100882A Pump 115V 1.6 GPM 50 PSI 9.101-358.0

Flojet electric diaphragm pumps are a great choice for tire cleaner, presoak, carpet cleaning, and extraction applications. All pumps can be run dry without damage and have superior self-priming capabilities. Rated to 160&deg;F.

115VAC Motor  
1.6 GPM 50 PSI  
Polypropylene Body Construction  
Santoprene Diaphragm  
Santoprene Check Valve

Flojet 2100 is a self-priming pump. It may be located several feet from the tank, above or below the liquid level (It is not a submersible pump.) For vertical pump mounting be sure that the motor is located on top. This will prevent water from entering the motor chamber in event of a leak. Pump head may be rotated in 90&deg; increments to simplify plumbing.
