Manufacturer: Mytee Products Inc

Mytee LTD5LX Speedster Carpet Cleaning Extractor (LTD5-LX)

This 12 Gallon Carpet Cleaning Extractor is New and on Sale.

This machine has a 500 PSI Pump, Dual LX High Performance Vacuums

Speedster® LTD5LX Carpet Extractor
Details

Superior performance – This versatile powerhouse packs a punch with a 500 PSI Triplex adjustable pump, as well as two ultra-high performance, 3-stage vacuums that maximize dirty water recovery while minimizing dry times. The LTD5 offers unmatched performance and reliability to get the job done right.

User-friendly features – Including an auto-fill and auto pump-out, dual external vacuum ports, waist-high switch plate and regulator, waist-high prime valve with an industry-first recovery tank rinse hose, a solution tank drain, and auto-chemical metering kit.

Optional features:

- Accessory tray

Durability – Sleek new body design made from roto-molded polyethylene, 10" foam-filled, semi-pneumatic wheels and 4" locking casters for safe and easy transport.

Customer Service – Mytee® always offers a limited five year warranty and national network of service centers.

The new Speedster® LTD line of extractors will take your cleaning capabilities to the next level with the combination of power, versatility and efficiency. Available in both heated and cold water models, the Speedster® LTD will change the way that you look at portable extractors!

Auto Pump-Out for Recovery Tank

A 500 P.S.I. adjustable pump and dual LX vacuum motors will help you achieve maximum efficiency, minimal dry times, and optimal cleaning performance.

Question: What am I going to see in difference between the Mytee LTD5 VS the Mytee LTD3?

Answer: The Mytee LTD5 does not have a heater in it but does use larger LX vacuum motors. While both the LTD extractors use 3 stage vacuum motors, the LTD5 vacuum motor are conical shaped on the bottom, pull more electricity and do a better job gulping the air which in turns means drier carpets. Advantage would come with using a power wand, like the Mytee T-Rex because with the larger 15" wide cleaning path the extra vacuum can be a real plus. The advantage of the LTD3 is the heater during us of lower flow applications. Example mattress cleaning, upholstery cleaning, auto detail cleaning, or even using a standard two jet wand. The heater will raise the temperature more than 18 degrees and will double the cleaning efficiency. When choosing between the two, you can also consider a the best of both worlds by purchasing the LTD5 and add a separate heater on a third power cord with the purchase of an external heater. By removing the heater from under the hood the machine is lighter and easier to lift in and out of the service truck. By adding an external heater, you will double your cleaning performance without having to sacrifice smaller vacuum motors.

Question: What do most cleaners purchase? LTD3 or LTD5?

Answer: LTD3 outsells the LTD5 because the heater is included.

What machines have similar vacuum and water pressure performance?
This is a 30 amp vacuum system with an 500 psi pump

This is the similar performance as other 26 amp vacuum systems that have 500 psi pumps installed.

Examples are or compare to current or past OEM associations (about 36,550 vacuum units):

Cross American Jaguar 6.6 (discontinued)

Cross American Jaguar 8.4 (discontinued)

Mytee LTD5

Mytee 1005DX

Nautilus Extreme

Mytee 7000S, and 7000SX Flood Extractors

KleenRite Mega X Flood Extractor

Clean Storm 12-6500-AFAD

Clean Storm 12-6800-AFAD

OR Example of 30 amp vacuum system

Goliath Quad 2 stage (1st portable to exceed 42,500 vacuum units and out suck a 15 HP gasoline 33 truckmount.[41,000 vacuum units]) Available in a flood pumper, flood pumper + 500 psi, auto fill and dump, Flood pumper + 500 psi + auto fill / dump + Heat exchanger; and Complete Heat model: 500 psi + auto fill / 30 gpm auto dump + Heat exchanger + electric heater.

OR Example of 50 amp vacuum system

Goliath Quad 6.6 vacs (73,100 vacuum units)
