

Model Number: 81377

Pumptec 81377 114T-075/M70 6 port buna U-valve black Pump N Motor 120 Volt 200 PSI GTIN 10679065072245

Manufacturer: Pumptec

Series 114T Pump w/ M70 Motor 120 Volt 200 PSI

114T-075/M70, 120V, BUNA, U-VALVE, 6 PORT, BLACK
120 Volt, 200 PSI (recommended) Spray, '03 Nozzle (not included),
.89 GPM Spray, 1.4 AMPS Spray, 10 lbs

Note: Pump might have some pipe tape or pipe dope on threads, this does not mean the pump is used rather that every pump is tested!

LEESON, 1/7 HP, 120V, 30 FR, MOTOR 114, KB

Same Pump but with more durable valve assemblies

EFFICIENCY

The plunger type design of the 114 is the most efficient way possible to pressurize water. PUMPTEC® efficiency produces up to 20% more pressure or flow for a given power input compared to some competitors' pumps.

MAINTENANCE & SIMPLICITY

Factory lubricated for maintenance free performance. The only tool needed to completely disassemble the pump to its basic components is a simple hex wrench.

DURABILITY

Durability results from exclusive use of premium materials. All metallic wetted parts (except body)

Equipment: Carpet Cleaning Machines > Vacuum Cleaners > HEPA Concrete Dust Slurry Hazmat Vacuums >

are stainless steel or chemically resistant plastic. The plastic pump body is nearly indestructible compared to pumps made of castings. Precision molded plastic body offers chemical compatibility with a wide variety of chemicals.

VERSATILITY

Flow and pressure can be optimized to exactly match power input to nozzle size by customer selection of the precise eccentric offset.
