Powr-Flite 12" Commercial Shake-Out Bag Upright Vacuum w/QT Tech PF712VC
Freight Included

Our VC models include patented Triple V technology:

Vacucide – kills 99.9% of the disease-causing organisms commonly found in cloth vacuum bags

Vibra-Kleen – vibrating sleeve that eliminates clogged bags and overheated motors

Venturi – 20% larger than standard bags

Built tough for your industry, standing up to the rigors of extensive use

Patented Triple V technology traps 99.9% of dust and allergens

QT Technology - Dual speed settings allow for a more quiet mode of cleaning

Pigtail cord design with 50 ft. quick change extension cord

12" cleaning path

Carpet height dial provides quick adjustments

Quick-fix fan chamber allows for easy fan changes

Looped handle grip reduces user fatigue on large jobs
