Manufacturer: Windsor Industries

Karcher Windsor 8.638-625.0 Melamine pads (5 pack)

What is a melamine pad?

MELAMINE FLOOR PADS. This pad is made using open-cell melamine foam which was originally created by BASF, and is laminated to nonwoven material made of 100% recycled polyester fibers. The melamine pad works miraculously to clean floors without removing the floor finish. Like "Magic Eraser." These can be used wet or dry.

These do grind away so please purchase extra.
