HUSQVARNA R1420 14" DIAGRIP RING SAW BLADE, 587344701
ENO Discount only for the next 7 sales after 2024-09-26

Diagrip is a revolutionary new technology for producing diamond segments. The diamonds have a special treatment that ensures an optimal distribution. The diamonds are held in the segment for longer, so they are utilized maximally. The result is blades with superior cutting capacity, longer life and a smooth, rapid cut.

FEATURES

R1420 Diagrip blade cuts stone, hard to medium concrete, soft concrete and some building brick

Diagrip ensures an optimal distribution of the diamonds and holds them in the segment longer, ensuring blades with superior cutting capacity, longer life and a smooth, rapid cut

Diagrip provides consistent performance

Works with the following Husqvarna saws:

K 3600 MK II
K 6500 Ring
K970 Ring
K 6500 Ring
